Hi Marisol,

I hope your week is going well! I just wanted to follow up on coordinating a meeting with BSS to discuss the below. Have you received any potential dates?

Also, we're still exploring potential "staging sites" to accumulate our bulky items before we're able to dump them at the yard. Please shoot any ideas our way! The bulky items are piling up out there...

Thanks again,

Hi All,

Good news, I received the following from the BSS GM. On Monday I will discuss setting up a meeting with the BSS Chief Investigator and the BID. Have a great weekend!

Hi Marisol and HNY!

It is possible providing that the proper training and requisites are met.

Gary's team can meet with the Hollywood Bid to discuss the various available alternatives and training programs. Would you like to schedule a meeting with them so we can explain the ways we can provide our assistance?

Thanks!

Hi Matthew -

Dan will be sending you an email with our BSS Chief to coordinate a date for training.

As far as the bulky items, unfortunately finding a secure location is tricky. Do you think a business in the area would be willing to supply a space? Maybe Scientology?

Hi Marisol,

Happy Friday to you! At our First Friday meeting you mentioned it may be possible to have sanitation provide a bulky-item container for us that they can remove on a consistent basis. Can you confirm if this is possible? If so, that will give us some direction as to how much space we'll need to store it.

PS – I've yet to receive a response from Aaron regarding BSS training.

Many thanks in advance!

Yes, Sanitation will deliver and service the roll-off bin, you just need to identify a secure location.

Thanks.

Hi Marisol,

I hope you're well! We may have found a location for a roll-off bin from Sanitation – if the bin fits. Do you have any idea how big the containers are or do you have a contact I can call to find out?

Many thanks ☺

Matt,

So sorry I am just getting back to you on this. Mike Solis, copied on this email, is one of our Sanitation supervisor's and he can assist on how large the container is.

Mike - a few months back Pepe and I discussed getting bins to some of our non-profits who already collect and dispose of bulky's at the San Fernando yard. Pepe expressed the challenge with the space at the yard and advised it would be best for the bin to be placed at a secure location instead. Matt, with the Hollywood BID may have found a secure location to hold the bin. Can you please tell him the size to see if they can accommodate?

Thanks!
